## Data Column Specification

| Column Name        | Data Type | Description                                            |
|--------------------|-----------|--------------------------------------------------------|
| ID                 | Int64     |                                                        |
| TripID             | Int64     |                                                        |
| UserID             | Int64     |                                                        |
| DepartureTime      | Datetime  | Date and time in Japan Standard Time (JST, UTC+09:00). |
| ChangeCode         | Int64     |                                                        |
| ArrivalTime        | Datetime  | Date and time in Japan Standard Time (JST, UTC+09:00). |
| efficiency         | Int64     |                                                        |
| TransportationCode | Int64     |                                                        |
| RegisterTime       | Datetime  | Date and time in Japan Standard Time (JST, UTC+09:00). |
